# THE HUMAN RIGHT TO EDUCATION IN THE POST-2015 DEVELOPMENT AGENDA

Invited speakers include States' and United Nations representatives, UN Special Rapporteurs and Advisors and civil society representatives. The names of the speakers will be confirmed in a second round of this invitation.

The 68<sup>th</sup> Session of the United Nations General Assembly will see the launch of Secretary General Ban Ki-Moon's Special Report: A life of dignity for all: accelerating progress towards the Millennium Development Goals and advancing the United Nations development agenda beyond 2015. Current international debates indicate there is traction for having a standalone goal on education in the post 2015 development frameworks. The details of such a goal, however, remain to be determined. In this context, a broad group of civil society networks is hosting this event to discuss how best to establish an education narrative, goals and core indicators that are grounded in a human rights perspective.
