

PRESIDENT OF THE GENERAL ASSEMBLY

10 July 2024

Excellency,

I have the honour to transmit herewith the summaries of the meetings convened during the first-ever United Nations General Assembly Sustainability Week, from 15 to 19 April 2024, at United Nations Headquarters, New York:

- High-level thematic debate on debt sustainability and socio-economic inequality for all
- High-level thematic event on tourism
- High-level meeting on sustainable transport
- Informal dialogue on building global resilience and promoting sustainable development through infrastructure connectivity
- Global stocktaking marking the completion of the UN Decade on Sustainable Energy for All to further accelerate the implementation of SDG 7 of the 2030 Agenda for Sustainable Development.

The summaries present major highlights of the discussions throughout the week on five key sectors of the economy that have the potential, if infused with a sustainability dimension, to drive progress across all of the Sustainable Development Goals.

Further to the launch of my **Call to Action: Further Acceleration of the Implementation of SDG 7 towards 2030 and Beyond** at the Global Stocktaking during Sustainability Week, I cordially invite all Member States and Observers to submit endorsement of the Call to Action via the following link: [Endorsement: Call to Action](#).

I also thank all Member States, Observers, United Nation system and other stakeholders for their participation and renewed commitment to sustainability, including through the #ChooseSustainability campaign.

For further information, your Office may contact Ms. Asha DeSuza, Team Leader for Sustainable Development and Financing for Development at my Office, by e-mail: asha.desuza@un.org.

Please accept, Excellency, the assurances of my highest consideration.

A handwritten signature in black ink, appearing to read "Dennis Francis".
